2. Council Discussion of FY 2024-2025 budget:

During the Town Council work session on April 8th, 2024, Town Council reviewed a summary of priorities that were collected via from our various Board, Commission, Committees, Staff, and Town Council members on the budget priorities in revenue and expenses for the upcoming fiscal year of 2024-2025.

The drafted budget scenario includes this input from all bodies who have responded and were summarized during the April 8th Work session. Highlighted in yellow are new changes to the budget scenario due to input received on revenue and expenses. I have not highlighted a 'new' cigarette tax expenses in the administrative line since it would be considered an expense in a "maintenance budget". We will next year need to purchase stamps for our Cigarette tax, this purchase should last us about 3-4 years, last time it was purchase was FY 21-22 and the company wishes to honor the tax rate from FY 2021-2022, a total expense of \$2,970. Our cigarette tax is expected to bring in \$68,400 in revenue for FY 2024-2025.

Please note that in this scenario there is an increased investment in the town: not only in human capital but in the stewardship of our public safety resources, our tourism resources, our historic resources, and our natural resources. I will note that this scenario includes an increase in our tax rate for both the Meals Tax and Transient Occupancy Tax.

Government Services recommended an increase to the Transient Occupancy Tax from 8% to 9% and the Meals Tax from 6.5% to 7.5%. This is in line with the FY 2024-2025 tax rate of Charlottesville, Virginia.
